

Company Password Reset Procedure

Employees can reset their company password using the internal password portal.

Step 1:

Open the internal password portal.

Step 2:

Enter your employee ID.

Step 3:

Complete identity verification.

Step 4:

Enter your new password.

Step 5:

Confirm the new password.

Step 6:

Sign in again using the new password.

If the password reset fails, contact the IT support team.
